Hood College

May 10, 1989

Dear Mr. Weisberg:

I am writing to thank you for donating the materials on the C.I.A's drug programs to Hood College. This semester I was able to use the information to create quite an interesting History Seminar paper for Dr. Carol McKnight. It took many hours of hard work and research, but the result was very satisfying. What an interesting adventure.

I enjoy writing with all of its trials + wonder if you can recommend how to publish such literary works.

Again, thank you. Sincerely
Cara Wilson
